General information is not medical advice

Please be advised that the general information provided on Dr Ngwenya's Website is for education and information purposes only and is not intended to replace a one to one consultation nor is it professional medical advice, diagnosis, treatment, or care, nor is it intended to be a substitute therefore.

Seek the advice of your physician or other qualified health provider properly licensed to practise medicine or general healthcare in your jurisdiction concerning any questions you may have regarding any information obtained from Dr Ngwenya's Website and any medical condition you believe may be relevant to you or to someone else.

Never disregard professional medical advice or delay in seeking it because of something you have read on Dr Ngwenya's Website. Always consult with your physician or other qualified healthcare provider before embarking on a new treatment, diet, or fitness program. Information obtained on Dr Ngwenya's Website does not cover all diseases, ailments, physical conditions, or their treatment.

General and/or Specific Claims on Dr Ngwenya's website

Results and outcomes of surgery varies from person to person. Dr Ngwenya does not guarantee results or that results may be achievable. Dr Ngwenya will discuss your expectations and outcomes during a detailed consultation.

Information provided on Dr Ngwenya's website is not to entice or convince you into undergoing a surgical procedure.

The procedures performed by Dr Ngwenya may also vary and all the complications that may occur from these procedures and/or following a procedure, are not all listed or discussed. Therefore it is important to make a face-to-face consultation in Dr Ngwenya's rooms to discuss these matters in detail.

This site and contents are provided only for information purposes.

General claims made on Dr Ngwenya's website relating to risks and outcomes of a procedure are provided *as a guide only*. Specific claims will be supported with a link to third-party research. In cases where a link may not be specifically provided may be due to the fact that substantial medical research and various medical opinions on the subject are available. In all cases, information is based on Dr Ngwenya's own personal medical experience and/or medical research, which can be provided and discussed on request during a detailed face-to-face consultation in Dr Ngwenya's practice areas.
